## About me

I am deeply passionate about software development and looking to enter the tech field as a full stack developer, using technologies like HTML, CSS, JavaScript, React, Node.js, and MongoDB. I continually seek to expand my knowledge through online courses and real world projects, driven by my love for in-depth explanation and detail. I am a motivated individual eager to contribute my skills to a junior developer role.

### Technical Skills

**FRONT-END :** **HTML** **CSS** **JavaScript** **React** **OTHER :** **Git/GitHub**  
**BACK-END :** **MongoDB** **PostgreSQL** **Node.js/Express.js**

## EDUCATION
